

THE TYLER HALLSEY FOUNDATION

“Swing Fore Smiles” is our annual golf fundraising event, only this year we are taking swings at Topgolf Scottsdale! This event was established in memory of Tyler James Hallsey. Tyler was a special boy, who in his short life, inspired thousands to face life’s challenges with a smile, extreme faith, and uncommon bravery. He taught us life lessons that will never be forgotten. Tyler was diagnosed with DIPG (inoperable and incurable brain tumor) at the age of thirteen on February 8, 2013 and passed away on July 13, 2014.

The moment we told Tyler of his diagnosis will be forever etched in my mind. I wish I could forget that moment. I held my hero as we talked about the road ahead, it would be hard. As I looked at my son, I needed to know

what he thought we should do, and he needed a chance to voice his opinion; without hesitation, he looked me in the eye and said, “Whatever it takes.”

It is now our turn to do ‘*Whatever It Takes*’ to help kids fighting cancer. All proceeds will benefit our Miles of Smiles program, which focuses on children facing a life-threatening cancer diagnosis with the goal of doing ‘whatever it takes’ to bring a smile to the faces of these special kids and their families. This program helps children in two ways, first, we provide financial assistance in securing equipment or other areas of need that are not covered by insurance or other financial means that are designed to increase the child’s quality of life. Second, we focus on bringing joy to the child by focusing on their wants or a local wish.

WHY DO WE NEED YOUR HELP?

During our event, guests will have the opportunity to bid on various silent auction items. This is where we need your help. Any items are welcome - gift certificates, merchandise, etc. You will be issued a donation receipt for tax purposes. Every donation will bring smiles to kids battling cancer!

Thank you for your time and for supporting our kids.

ABOUT US

The Tyler Hallsey Foundation, a 501(c)(3) non-profit, was created to provide hope and joy to children diagnosed with cancer while working tirelessly to raise awareness and funding for DIPG research. Our vision is to make the world a better place where children diagnosed with DIPG and other types of cancer are given hope for a future; a future full of health and success, unencumbered by a cancer diagnosis. We do this by spreading the message of hope, love, and courage left behind by a very special boy, a boy people called, Superman.
